

Varios2 Handpieces

Outstanding Performance

Weighs only 33g, Varios handpiece's slim and easy-to-handle body offers superior performance while reducing your fatigue even in long use. The twin LED lights assure excellent, virtually shadow free visibility, dramatically improving working conditions in the operating area. A lightweight, compact and comfortable handpiece delivers outstanding performance to meet your needs in a variety of clinical practices.

Advantages

- Slimmest and lightest* handpiece with LED illumination
- Twin LED lights through twin optical glass rods
- Optic and non-optic handpieces available
- Extensive tip range for a wide range of applications

Well Balanced, Slimmest and Lightest Handpiece with LED Illumination

By using the slim handpiece excellent accessibility and high visibility is ensured, offering more comfortable use. The handpiece can be repeatedly autoclaved up to 135°C and disinfected as well.
